## A NEW ERA FOR LAKE PEDDER

A new era has begun at the infamous Lake Pedder in Tasmania's Southwest with a team of operators taking over ownership of the restaurant and accommodation. Pedder Wilderness Lodge, formerly known as Lake Pedder Chalet is well worth the ride out to visit.

The Lodge has undergone an extensive renovation to the bar and lounge areas with more work to be scheduled for next year. The plan is for Pedder Wilderness Lodge to be amongst some of Tasmania and Australia's top tourism destinations.

Members can expect well priced, comfortable accommodation and exceptional food. Don't forget your club discount on accommodation!

Our friendly staff as well as our General Manager, Simon Kanan and Operations Manager, Sarah Bygrave, are happy to help you with any enquiries and are looking forward to greeting any Ulysses members that make it out their way in February!

15% discount when booking online.

For those of you who have not been to Lake Pedder, here are a few reasons to make it your next destination!

- Largest lake in Australia
- Tallest dam in Tasmania
- 45 lake islands
- 2000 little lake beaches
- Tasmania's largest National Park & World Heritage Area
- Home of the 3000 year old Huon Pine tree

If you need more reasons to visit then check out our website [pedderwildernesslodge.com.au](http://pedderwildernesslodge.com.au)
